Teacher information.

I have graduated Tallinn Music High School with a degree in piano and music theory, the Estonian Academy of Music and Theater with a bachelor's degree in piano and master's degree in interpretive pedagogy (piano).

I am a member of the Estonian Piano Teachers' Association. As a representative of Kanutiaia Hobby School I participated in the reception of the Major of Tallinn Mihhail Kõlvart, which took place on September 3, 2021 in the Tondiraba Ice Rink. I played the piano at an event on September 7, 2021 in Tallinn Town Hall.

My piano student Quirze-Lingzi Visus Chan was highlighted at the piano festival "Mitmus" in Kullo on January 29 and January 30, 2022. My piano student Ralf Reno Roots was selected for the second round in the classical music category of the "Tallinn Talent 2022" competition in the age group 12-15 year old students. I enjoy teaching children and adults of all ages.

I have worked for many years in different music schools with Estonian, Russian and English speaking children, therefore I can successfully deal with all students.

By nature I am active, but at the same time patient enough to work as a teacher.

All who wish are welcome!
